

# IBT

International Benchmark Tests

IBT online benchmarks your child's learning performance at the national and international levels

Developed by the Australian Council for Educational Research, the International Benchmark Tests (IBT) use cutting-edge assessment technology and methods to measure the competencies of students so that they can navigate future challenges. The tests in all subjects are conducted through ACER's Online Assessment and Reporting System (OARS), a secure and reliable online testing platform used in many other ACER assessments across the globe including high-stakes examinations such as medical entrance tests.

## IBT

Provides accurate information on student knowledge and skills

Monitors year-on-year learning progress of students

Benchmarks student performance internationally and nationally

Focuses on higher order thinking and application skills

**1.8**

million tests taken

**600+**

schools enrolled

Administered online at school in English, Mathematics, Science, Reasoning, and Arabic, IBT is suitable for students in grades 3 to 10.

# Benefits of enrolling for IBT

- Comprehensive assessment of student performance and abilities
- High-quality and challenging test questions that engage across all ability levels
- Advanced statistical software for obtaining accurate student learning data
- Detailed reports providing:
  - clear descriptions of skills and concepts mastered
  - strengths and weaknesses in different learning areas to guide interventions to improve learning
  - scale scores that support monitoring learning growth and tracking progress over time
- School, regional, and international percentiles to compare and benchmark student performance
- Individual certificates and awards for achievers to recognise and celebrate student achievement

## Excellence in reporting standards

Comprehensive student performance reports

Certificates of Honour, High Distinction, Distinction, and Participation

Awards for outstanding performance

## Countries

- Australia
- Egypt
- India
- Kuwait
- Malaysia
- Philippines
- Saudi Arabia
- South Africa
- United Arab Emirates
- United Kingdom

Some of our global partners

90 years of experience in conducting assessments across 70+ countries

The Australian Council for Educational Research (ACER) was established in 1930 and has grown into one of the world's leading educational research bodies with an expanding international presence. In 2020, we celebrate 90 years of creating and promoting research-based knowledge, products and services to improve learning. ACER has worked closely with organisations across the world and in India, including with OECD in developing and implementing the Programme for International Student Assessment (PISA).
